THE LOCAL POWER OF GOOD

We passionately believe that Northern Ireland's food is among the best in the world. There are many ingredients that go into giving NI Food its alchemy: our mighty-smallness, interconnectedness, passionate producers, diverse landscape and age-old traditions.

Our proximity to producers means that food never has to travel very far to get to your plate, meaning fresher, healthier food for you and a more sustainable way of growing and producing. Our food has the power to unite, delight and shine a light on this corner of the world. By choosing local, we are doing people, place and planet the Power of Good.
